## TERMS AND CONDITIONS

**Guarantee:** The Tulleevin Herd is Certified for Bang's Disease and fully Accredited for Tuberculosis.

Shipments will be made as soon as possible after the sale. Cattle will be at owner's risk when sold but every care and attention will be given until shipment is made. To avoid confusion, at the time of settlement, hand shipping instructions to clerk, also information as to whom pedigree should be transferred.

All transactions under the above guarantee will constitute a contract between Tulleevin Farms and the buyer of each lot. Neither the sale manager nor the clerk nor the auctioneers assume any liability for the contract or the fulfillment of guarantees.

All bulls and heifers are sold under the standard guarantee of the American Shorthorn Association. Failure to breed must be reported to us within six months of sale date. All cows have been in production and are known breeders. All cows with service dates past sixty days will be pregnancy checked before sale day. Short service dates with calves at side, will be announced from the block with date and service sire.

No reference is made to vaccination in the female footnotes, since vaccination has been practiced at Tulleevin Farms and all herds from which females have been purchased and added to the Tulleevin herd. The herd is T.B. Accredited and Bang's Certified.

**All females are vaccinated for Brucellosis, so no reference is made in the catalogue.**

**Liability:** Although every precaution will be exercised to protect the safety and comfort of guests at the sale, neither Tulleevin Farms nor any of their employees, nor auctioneers, nor clerks, nor sale manager can assume any liability for accidents.

**Terms:** The terms of this sale are cash. All settlements must be made with the clerk before cattle are removed. Health Certificates will be issued on sale day.

## A MESSAGE FROM THE SALE MANAGER

No dispersal sale is pleasant to anticipate. More especially where folks like Charley and Gwen South and Dan and Katy O'Connor are the folks whose herd is being sold.

I have known Charles South since the day he and Frank Gallaher bought their first Polled Shorthorns. I have known Dan O'Connor, Jr., since the time he entered the ranks as a breeder.

Step by step, year by year, I've been aware of the progress of each operation. When Dan O'Connor, Jr. bought the Gallaher farms and joined ranks with the Souths, it was evident Tulleevin Farms were going forward in the Polled Shorthorn business. The purchase of the entire Landen herd was the first move. From that day forward, the Tulleevin herd has exerted a dominant influence in breed advancement.

Sales have been widely scattered. Cattle have done well for their new owners. Public auctions were initiated in 1958, and Tulleevin Farms became a recognized source of supply for breed building seed stock.

Additions to the herd were made as top females were available. These men knew what they wanted to accomplish, and they knew how to do it.

In June, 1965, the sale reduced the herd to the three herd bulls in service and forty top cows. Most of these were daughters of the 1954 International Grand Champion L F Fascination. It was evident that both Duke of Westdrums and Avenel Radiant Sunset were an ideal team to nick with these cows.

L F Fascination has gone to his reward, but the balance of the "working tools" retained to go forward are the cattle in this dispersal sale.

As I have studied this offering, I am impressed with the good calves sired by both herd bulls. I believe there are enough really great brood cows in the herd that if six recognized breeders were asked to pick the best ten females, we would find that more than half of the offering would be selected. For good reasons, each breeder might well be correct.

These cows are there because they have earned the right to stay at Tulleevin Farm. They are cows from cow families that have been tried and tested. Many have sisters and brothers who have made good in other herds and made a contribution to Polled Shorthorn advancement.

Distance should be no barrier to those who aspire to share in the ownership of this herd. Years of dedicated effort to breed better cattle will be represented in this sale.

The contribution made by Tulleevin Farms will live long and work further advancement for Polled Shorthorns in the years ahead. This sale represents the distribution of the Tulleevin working tools and their stock dividends among those breeders fortunate enough to share in their distribution.

Future history may well be written March 28 at Tulleevin Farms. We trust you will be present to bear witness and to share in the opportunities.

Paul W. Teegardin

# Welcome To Tulleevin . . .

It was my desire and dream to breed and develop a herd of pure bred cattle.

In 1947, I purchased my first two cows from Landen Farms, Foster, Ohio.

In 1949, together with Frank Gallaher, who owned the farms at that time, we purchased five cows and our first herd bull Nugget 12th, son of Lynnwood Nugget, in the Carl Cross Dispersal to start the herd to be known as the "South & Gallaher Herd."

Your hosts for the day . . .  
Dan and Katy O'Connor and Gwen and Charles South

In 1950 we purchased several heifers in the Oakwood Sale, One of which was Oakwood Leading Missie whose first calf by Oakwood Conqueror was "S & G Admiration", who as a senior calf was the 1952 International Grand Champion Bull.

In 1951 we purchased Oakwood Pass Key which was the top selling bull of that Oakwood Sale. In that same sale we purchased Oakwood Orange Blossom 6th which was the foundation for the Orange Blossom Family which has done so well here at Tulleevin. All along the way we have purchased top quality females to supplement our herd.

In 1952 Frank Gallaher died and the farms here remained in an estate until 1956, when Dan O'Connor approached me about the possibility of purchasing the well known Landen Farms Herd and putting together two International Grand Champion Bulls, S & G Admiration Champion in 1952 and L F Fascination Champion in 1954 along with Upright Leader International reserve champion in 1953. This became a reality and as a result of this desire Dan O'Connor purchased the 800 acre farm now known as Tulleevin Farms. S & G Admiration did not live very long, but L F Fascination has been everything we had hoped for. The large selection of daughters in this sale are proof of this.

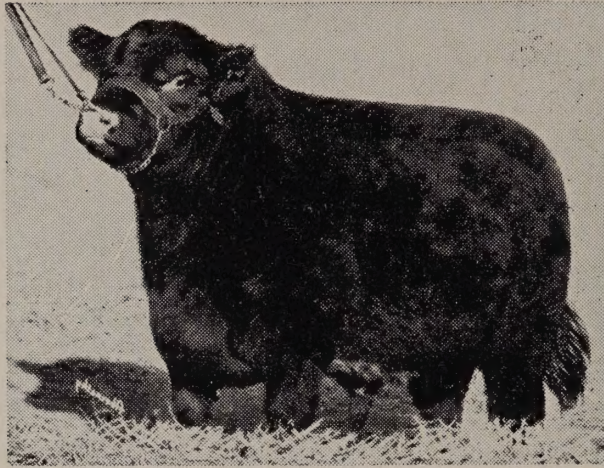

In 1962 Dan and I purchased "The Duke of Westdrums" from the Boots Drug Co. in Scotland. This great bull was the first Polled Shorthorn bull to be brought from Scotland to the United States. He has and is doing everything that was expected of him.

It is with deep regret that Dan and I have decided to completely disperse this herd which we have loved and believed in so much.

Charles South

# DUKE OF WESTDRUMS

## The Opportunity Bull of 1966

Only the dispersion of the Tulleevin herd makes this bull available. He is still a young bull. He is sound. He is a proven sire of cattle that have scale and thickness.

Duke of Westdrums didn't come to Tulleevin Farms by mere chance. Dan O'Connor, Jr. and Charles South were determined to find a bull worthy of working with females sired by the two International Grand Champion Bulls that had been in service at Tulleevin.

On his many trips to Scotland, Dan kept searching for the answer. He found it at Westdrums. Duke of Westdrums looked every inch a stock bull. His sire, Uppermill Leopold, had cost \$22,000.00. He was siring that kind. He had proven it at Perth in 1960. He sired the Best Pair of Bulls, the Best Three Bull Groups, Best Three Bulls by one sire, and best Five Bulls by one sire.

Erimus Hansard, sire of Uppermill Leopold, had established a good record in 1956 at the Perth Sale. His sons made the top average of \$12,915.00. His sire, Calrossie Evening News, a champion in 1951 was a great stock bull.

A  $\frac{3}{4}$  brother to Duke of Westdrums went to South Africa where he became a supreme Champion, made 2,200 lb at maturity. Sons of Uppermill Leopold are in service in strong herds in Scotland, in the Argentine and in Canada. Westdrums Wayfarer, First Prize Winner at Perth, is siring champions for Bilmar Farms, Grand Blanc, Michigan. He, too, is a son of Uppermill Leopold.

Duke of Westdrums is the first Polled Shorthorn Bull to come to America from Scotland. Later his  $\frac{7}{8}$  brother, Dandy of Westdrums, came to Canada. He became the 1962 International Grand Champion Bull and sold for the world's record price of \$18,000.00 to Windholme Farms, Orange, Virginia, in the Grant Campbell Dispersion.

The calves in this sale are PROOF of the worth of Duke of Westdrums. They have bone. They have scale. They have thickness of fleshing. They are correct.

Leadership in this business is the desire of every one. This bull can be the key to open that door for some herd. He is tried and proven. He can write a NEW CHAPTER of PROGRESS for Polled Shorthorns.

He is qualified by inheritance and proven performance to warrant the confidence that he can carry YOUR HERD forward. Distance should be no barrier when a bull like Duke of Westdrums is available.

⊛ **AVENEL RADIANT SUNSET**—He has a remarkable inheritance. Like his teammate, Duke of Westdrums, he combines the best blood of Scotland, through his sire, with the best of Polled Shorthorn excellence through his International Grand Champion dam. She is one of the breed's truly great cows. A show ring champion who has been equally worthy as a brood cow. She has further Scottish influence through her sire, the \$8,100.00 Camson Better News, son of Calrossie Good News. Few bulls left more valuable sons or daughters. Beaufort Bulldozer has the unique distinction of siring both the Grand Champion Bull and the Grand Champion Female—the same year—at the International Almahurst Bean Buster is considered his best breeding son. Avenel Radiant Sunset is proving his unusual inheritance as a stock bull. There is evidence at Tulleevin to support this claim. This dispersion offers thinking breeders the opportunity to “better” their position with the ownership of Avenel Radiant Sunset. He is sound and has a lot of future left in him. You cannot fail to believe in this bull when you see him sale day and study his contribution to the Tulleevin programme.

⊛ **L F FASCINATION** has made a record of performance through his sons and daughters that speaks for itself. It started with the shows in 1956 when they made a lasting impression by their winnings at the International and state fairs. It has continued through the years in both the show ring and in the sale ring. But now more important is the way his sons have wrought improvement—sale toppers and winners for widely scattered herds. He was a great bull as an International Grand Champion in 1954. He is a greater bull as a sire, measured by the yardstick of comparison and by their performance for Tulleevin customers.

★ **TULLEEVIN ILLUMINATION** is perhaps the best bull produced over the years at Tulleevin. Certainly, he is one that would be herd bull material for the best herds. He has the look of a stock bull. He is BIG. He is correct. Hard flat bone. Good headed. Deep bodied and wide ribbed. Yes, he will weigh a TON at maturity. His full sister was the top heifer last year. She looks great in the Windholme pasture at Orange, Virginia. The International Grand Champion bull, El-Vi-Dor C Fascination, was likewise out of a daughter of Eliza 35th. He sired the 1965 International Grand Champion bull for Gerald Clodfelter. Evidence that this is a right cow family. Distance should be no barrier—when you have an opportunity to bid on a bull of such stock bull potential!

★ **TULLEEVIN IMPULSE** is certainly one of the better bulls sired by the old Champion L. F. Fascination. He is a  $\frac{3}{4}$  brother to Tulleevin Colossus, the \$4,000 sire shared with Brookwood Farms in New York. His dam is still working. She is old, but her daughter and granddaughter will speak well for her and support the stock bull promise of Tulleevin Impulse. A stock bull to own.

# ABOUT THE TULLEEVIN FEMALES

When we have so many real great cows to list in this sale catalog, it would be impossible to decide which female should be the first lot and which one should follow.

I have listed them by families and that, too, presents problems. There are instances where family numbers are single, or two or three.

Each cow has a purpose and when you study the entire offering, you will realize that position in the catalogue has no bearing—nor are numbers an absolute guide—to their merit.

I trust every breeder will allow himself ample time to study the depth and strength of this offering. There are enough really worth owning brood cows of exceptional excellence that the “best” cow or the “ten best” females will represent many cows to many breeders.

To me, it may well be the breeders’ opportunity for years to have such a worthy group from which selections may be made March 28. Be fair to yourself, and allow ample time to be certain you are right.

★ **TULLEEVIN MISSIE A 1** was good enough to be crowned the Reserve Grand Champion female at the 1961 Illinois, Ohio, and Indiana State Fairs. As a brood cow, most breeders could agree she is one of the breed's best females. Few of her kind can be found. Only a dispersion offers the opportunity for buying her kind. Her dam came to South & Gallaher as a foundation female in 1949—and gave them many of the best cattle produced and sold over the years. Oakwood Grand Duke was the sire of many top brood cows—a \$5,000 son of Gosshall Ximenes and a grandson of Oakwood Royal King. The bull calf she is nursing is a good prospect. Her daughter selling is one of the better females anyone will sell—anywhere, any time. Own this cow, and you will go AHEAD! Mated to Duke of Westdrums September 10, 1965.

⊛ **T F DIAMOND MISSIE 2D** is the first daughter of Duke of Westdrums. She stood second (the only time shown) at the Ohio State Fair in 1964. She was beaten by the Ashbourne Farms' heifer that was 1965 National Western Grand Champion at Denver. She stood second at the Ohio State Fair again in 1965. ★ **T F LAVENDER PRINCESS A 1** is a "collector's item." Few of her kind are to be found. She topped her class as a two-year old at the International. She also won at the Ohio State Fair. Her dam was a truly great brood cow. Her sire was a 100% dehorning son of the 1952 International Grand Champion S & G Admiration. Mated to Duke of Westdrums December 25, 1965. At any price, she will be an investment in security!

★ **L F ROAN LAVENDER** has been one of the real great cows at Tulleevin. Her first son, sired by L F Fascination, sold at \$1,500 to W. A. Warters, Allerton, Illinois, where a son of this bull is currently siring champions for Bi Ru Farms. Her daughter, L F Red Lavender, sold for \$1,300 in the 1957 International Sale. She is now raising an outstanding heifer calf for John Barrett, Greencastle, Indiana. Another daughter went to W. A. Warters in the 1962 Sale. Lynnwood Farm got a sister, and a son proved an excellent sire for LeRoy Larriek & Son, Highland, Ohio. Bred to Duke of Westdrums.

⊛ **TULLEEVIN LAVENDER 3D** could be worth a trip across the continent to own. She is the kind rarely available in dispersions. They are not numerous in any herd and never for sale. A daughter of an International Grand Champion bull. Her dam, a maternal sister to an International Grand Champion steer over all breeds. Her dam, a daughter of the celebrated Willow Lee Wonder 17th. These factors are important when you get them combined with a young cow of her excellence.

★ **ROSEWOOD 99TH** is the foundation cow of this Maxwalton Rosewood family. She was a champion the day Dan O'Connor, Jr., decided to own her. She has produced some of the best breeding bulls to leave Tulleevin. Tulleevin Duplicate is one of them. He sired three All-American nominees for Keny and Dean Warters, Allerton, Illinois, and he is currently in service at Green Top Farms, Seymour, Illinois. Her daughter produced the 1962 top selling bull, Tulleevin Envoy, heading the Hardman herd, Spencer, West Virginia. Two daughters and five granddaughters will be offered. Rosewood 99th has a red bull calf at side calved December 8, 1965, that could be her greatest prospect. He is sired by Duke of Westdrums, and she will probably be rebred to the Duke by sale day.

★ **TULLEEVIN ROSEWOOD 5TH** is a cow with bone and substance. She is deep, and she is a thick one. She has a head that promises she, like her dam, can produce stock bulls. ✪ **TULLEEVIN ROSEWOOD 4TH** is young Thomas O'Connor's cow. You can rest assured that his Dad didn't start him with one he did not believe in. Her son, Tulleevin Journalist, is selling. Her daughter, Tulleevin T Rosewood 3d would be another reason she will do to establish this family in your herd. She has a spot in her eye, but that will be no handicap to her earning ability. She is one of the better breeding cows. She sells mated to Duke of Westdrums since September 11, 1965.

★ **TULLEEVIN T ROSEWOOD 3D** should be one that thinking breeders would be looking for. Four noted sires that were "breed builders" are in the third generation of her heritage. She promises to justify that backing, and no one can anticipate the dividends from this daughter of Duke of Westdrums.

★ **TULLEEVIN ROSEWOOD 8TH** is out of the good cow Bill Hildreth & Son got in the June, 1965, Sale. She is a full sister to the Tulleevin Envoy bull that topped the 1961 Sale. C. W. Hardman calls him the greatest sire of uniformly top calves he has ever owned. This is the inherited difference in such cow families that warrants their ownership. You can be "right" with such cows just as easily as you can be wrong with those that never produce stock bulls that "breed on." Often they cost the same money.

★ **TULLEEVIN ROSE ANN** has much about her to suit the critical breeder. She is big. She is thick. She was bred August 5, 1965, to Duke of Westdrums. ★ **T F BUTTERFLY QUEEN** is a cow to remember—and to try hard to own. How many cows of her equal have you seen? Did you ever have a chance to own a cow that had the unique distinction of having been a three-times blue ribbon winner at the International? This cow did it as a Junior calf, as a Junior yearling and repeated as a two-year-old. Then she went to work, and she is selling mated to Duke of Westdrums since January 1, 1966.

☛ **TULLEEVIN BUTTERFLY B** could open the best sale in America for many reasons. She is a  $\frac{7}{8}$  sister to T F Butterfly Queen. She is of the same identical pattern. Her dam is sired by the Perth Supreme Champion, Pittodrie Upright. Her sire is the International Grand Champion, L F Fascination. She has a strong head. Looks like one to produce stock bulls. Bone to spare. Thick and deep. She a FULL SISTER to four bulls of note as sires. Tulleevin Fascinator, in service at Harold Bacon's, Good Hope, Illinois, where he has sired many sale toppers and Illinois Sale champions. Tulleevin Brilliance went to Fred Stueckle, La Crosse, Washington, at \$1,500. Leo McGuiness in Texas gave \$1,500 for Tulleevin Controller. When he lost him, he came back and got his full brother, Tulleevin Genius, whom he rates as his greatest breeding bull. Mated December 6, 1965, to Duke of Westdrums.

★ **L F ROAN BUTTERFLY Q** is another Bailey Butterfly you can own with confidence. You will be right. The 1951 International Grand Champion was of this family. Her sire went to Fred Smalstig in Parma. Her dam is the grand dam of T F Butterfly. Queen and T F Butterfly B. That establishes her status, and she is that kind of a cow. She has a herd bull prospect at side calved January 6, 1966, sired by Duke of Westdrums. He is red, and he looks right. Will probably be rebred to Duke of Westdrums.

❖ **TULLEEVIN BROADHOOKS A 2** is one we would all call a good cow. Few cows have left as many good ones in any herd as her dam, Hickories Broadhooks 3d. Too many females of this family have been featured in previous sales. They have gone to good herds, and they have done well for their owners. Gerald Clodfelter took a sister to Glatwyn Farms from the 1960 Sale, and she was a winner for him. Lyle DeWitt, Decatur, Illinois, got a sister in 1963. Keith Shepherd got a sister in the 1965 Sale. Sells with a November 28 red bull calf sired by Avenel Radiant Sunset. Tattoo LE 701. Will be rebred to Duke of Westdrums.

⊛ **TULLEEVIN LADY VICTORIA 2D** was the two-year old shown in 1964. She is evidence of the kind of young cow you can expect sired by Avenel Radiant Sunset. Her dam sold for \$800 as a nine-year old cow in the June Sale and went to the good herd being established by Steve Young, Lebanon, Ohio. She will be right at calving to the Duke of Westdrums on sale day. Her April bull calf selling is an evidence of what she can produce. Ten more calves out of her will also be worth owning.

⊛ There are many real top cows in this Tulleevin Dispersion. If you had a panel of breeders select the best six cows or the ten top cows, we would find twenty cows would be included by different top cattlemen. Each with good reasons. **TULLEEVIN GOLD BUD** will be in the best six, and she will be in the best ten. She is correct on every count. A full sister to Tulleevin Colossus, certainly one of the better bulls bred at Tulleevin. A pattern of correctness in her type and thickness. Deep and roomy. A young cow. A cow family to tie to. The only Kair Gold Bud with a Polled head you can own in America today are this cow and her full sister. She has a red September 28, 1965, bull calf at side. Tattoo LE 694. ★ **TULLEEVIN ELIZA A 1** is a grand young cow that produced the great young stock bull prospect that topped the June, 1965. That establishes her rating as one to try to own. Moreover, she is rebred to Duke of Westdrums since December 2, 1965, and we can expect another calf like Tulleevin Impetus. Here's something to think about. The International Grand Champion El-Vi-Dor C Fascination is the sire of the 1965 International Grand Champion bull for Gerald Clodfelter, Greencastle, Indiana. El-Vi-Dor C Fascination is a paternal brother to the International Grand Champion L F Fascination, sire of this young cow. Eliza 35th produced the dam of El-Vi-Dor C Fascination! Certainly a sound reason why this cow, whose grand dam is likewise Eliza 35th, can be one of America's great brood cows.

★ **TULLEEVIN ELIZA** adds further evidence of the worth of this cow family. There are only two of them in the offering—and only a Dispersal makes them available. Read the footnote on Tulleevin Eliza A 1. This cow is a daughter of Eliza 35th. She is a maternal sister to the dam of El-Vi-Dor C Fascination. She is the dam of the \$1,100 Tulleevin Eliza—Duke of Westdrums heifer that went to Windholme Farms, Orange, Virginia, in the June, 1965, Sale. Tulleevin Eliza is rebred to Duke of Westdrums January 13, 1966. Her heifer calf sells as a separate lot. A chapter of Polled Shorthorn Achievement might well be recorded, if someone had the vision of owning these three Elizas. Performance proves the prediction!
